

Countries at war - Milestone 2

Irene de la Torre – Arenas
Information Design Studio 2. Dynamic Mapping and Models (Spring 2016)
Northeastern University.

INITIAL GOALS

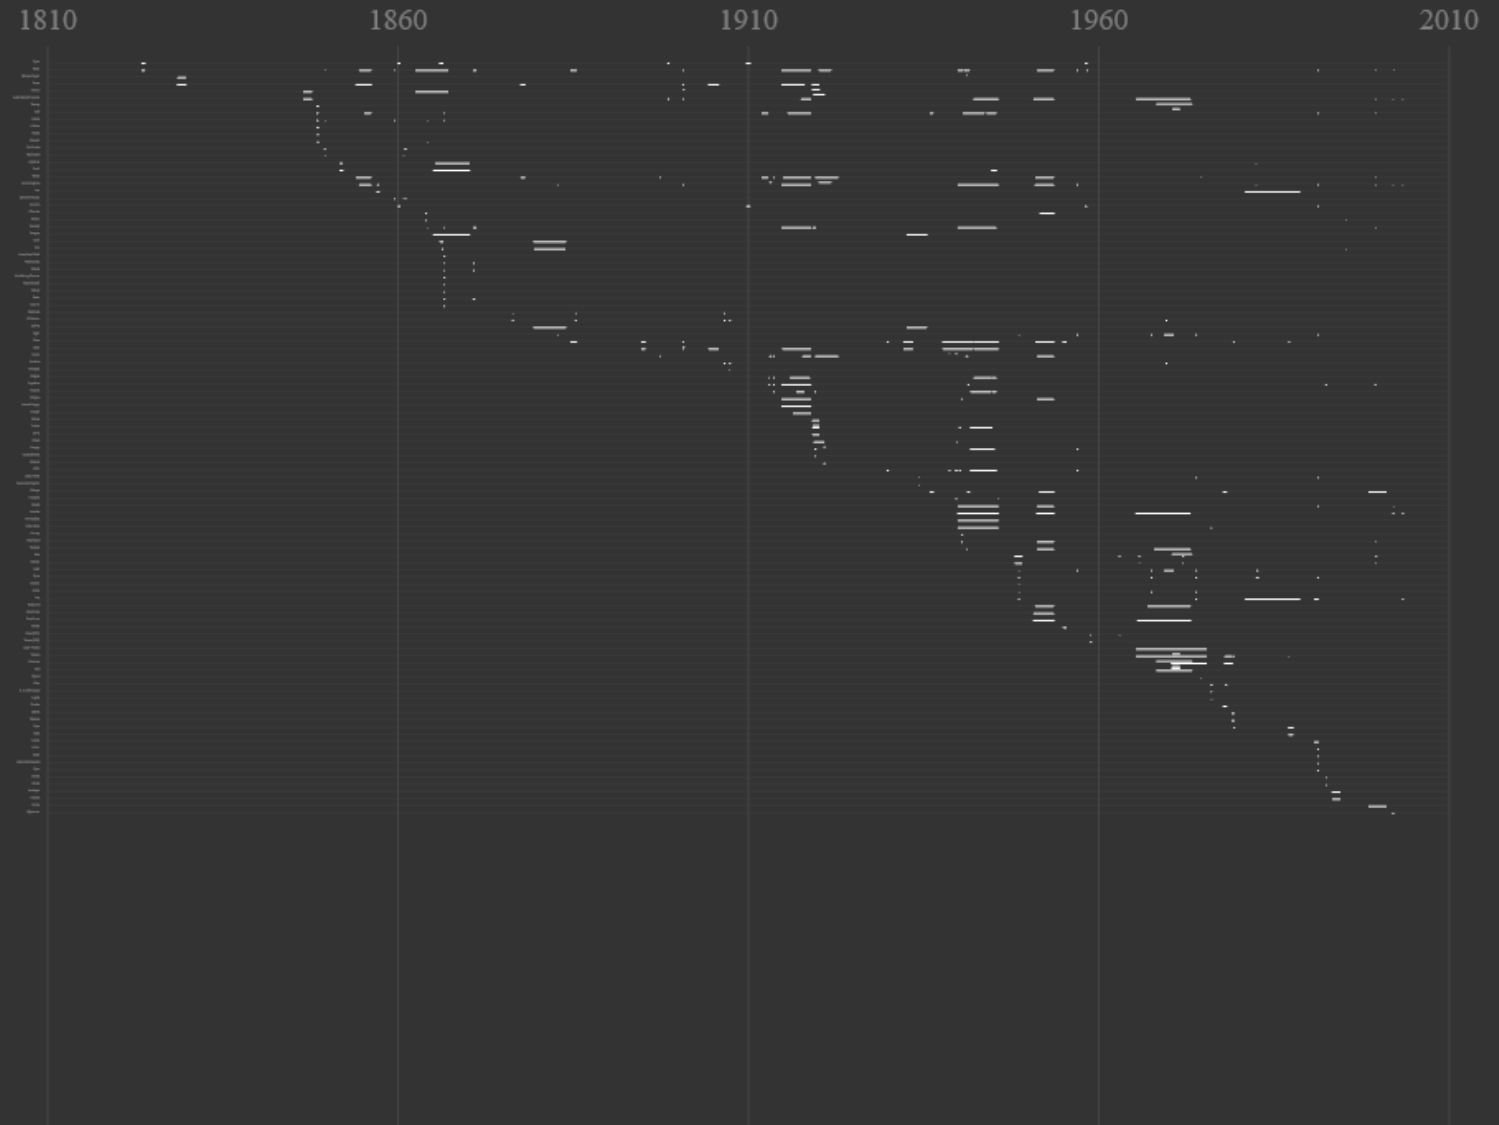

- Represent the **evolution of wars** from 1800 to 2003
- Show **alliances** between countries through time
- Show how wars have changed:
 - From groups of countries that battle against each other to big groups against only one country

MILESTONE 2

- What has been accomplished
 - Time line of conflicts
 - List of countries
 - One line for each conflict
 - Zoom effect
 - Shrunk vs. expanded versions
